Coconut Water

Benefits of Coconut Water

For centuries, people from tropical regions have known about the amazing health benefits of tender coconut water, which comes from young green coconuts. It is a delicious and refreshing low-calorie natural beverage. Tender coconut water contains more nutrients than mature coconut water. It's packed with antioxidants, amino acids, enzymes, B-complex vitamins, vitamin C and minerals like iron, calcium, potassium, magnesium, manganese and zinc.

The micro nutrients in coconut water help boost the immune system. Plus, the plant hormones called cytokinins in this health drink exhibit

anti-aging According to the aryuvedas :
नारकैलफलं शीतं दुर्जरं बस्तशोधनम् ।

वष्टिम्भं बृंहणं वृष्यं वातपतितास्रदाह

- It is sweet in taste and increases moistness of skin.
- It acts as a body coolant.
- It is easily digested and instantly energizes body.
- It quenches thirst.
- It normalises aggravated vata and pitta doshas.
- It cleanses body and bladder.
- It acts a good appetizer.
- It also helps to regulate blood sugar and blood pressure.

Carbonated Drinks

Jeera/Cumin (belongs to the Apiaceae family) seeds are very famous for their medicinal benefits having spicy flavour and slightly bitter taste. It has a strong phytochemical compound called as the cuminaldehyde (4-isopropylbenzaldehyde) which gives it a pungent aroma as well as the hot and spicy taste. Generally, in India it is used to fry the soups, curries, sauces and etc to get the aromatic and yummy taste.

Jeera has lots of pharmacological effects on the human body health because of its medicinal properties including anti-tumour, anti-diabetic, anti-epileptic, Immunologic, antimicrobial and etc activities. In the southern regions (Kerala and TamilNadu) of the India, drinking jeera water regularly for the medicinal purposes is very famous. They say that jeera works as the medicine, spice and food which are used in many home remedies.

Benefits of Jeera Masala Soda
